

REMARKS/ARGUMENTS

Notice of Non-Compliant Amendment – The amendment to the claims of the amendment filed 25 September 2008 is considered non-compliant because Claim 7 has the term “comprising” in line 25 underlined and strikethroughed. The Examiner is unable to determine which notation the Applicant intended on using.

The applicant has herein provided a corrected version of the amended claims. The error inadvertently entered in claim 7 is corrected by removing the unnecessary term “comprising” in line 25. The intended changes to the claims with respect to the original claims are now properly indicated using underline and strikethrough in compliance with 37 CFR 1.121. No new matter has been entered.

The applicant requests the Examiner replace the non-complaint Amendment to the Claims section submitted in the amendment document filed on 25 September 2008 with the above-supplied corrected amendment to the claims. As the non-compliant amendment was a non-final amendment, only the corrected section of the non-compliant amendment is provided in compliance with 37 CFR 1.121. Please see the Remarks section provided in the amendment of 25 September 2008 for further explanation providing support for the above claim amendments and providing arguments for the patentability of the above amended claims with respect to the cited references.

Consideration of the above amended claims in conjunction with the remarks provided 25 September 2008 is respectfully requested.
